

Standard Code	Standards
ELK-MA-CC.01.00*.0	Count to 100 by ones and by tens.
ELK-MA-CC.02.00.0	Count forward beginning from a given number within the known sequence (instead of having to begin at 1).
ELK-MA-CC.03.00*.0	Recognize and write numbers from 0 to 31 (e.g. 31 days in a month).
ELK-MA-CC.03.A.0	Compare two numbers between 1 and 10 presented as written numerals.
ELK-MA-CC.04.00.0	Understand the relationship between numbers and quantities; connect counting to cardinal and ordinal numbers to 5.
ELK-MA-CC.04.A.0	When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object.
ELK-MA-CC.04.B.0	Recognize that the last number name said tells the number of objects counted. The number of objects is the same regardless of their arrangement or the order in which they were counted.
ELK-MA-CC.04.C.0	Recognize that each successive number name refers to a quantity that is one larger.
ELK-MA-CC.04.D.0	Count to answer "how many?" questions about as many as 20 things arranged in a line, a rectangular array, or a circle, or as many as 10 things in a scattered configuration; given a number from 1 to 20, count out that many objects.
ELK-MA-CC.05.00*.0	Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies.
ELK-MA-CC.06.00*.0	Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).
ELK-MA-G.01.00.0	Describe objects in the environment using names of shapes, and describe the relative positions of these objects using terms such as above, below, beside, in front of, behind, next to, on the left and on the right.
ELK-MA-G.02.00*.0	Correctly name shapes regardless of their orientations or overall size.
ELK-MA-G.02.A.0	Identify shapes as two-dimensional (lying in a plane, "flat") or three-dimensional ("solid").
ELK-MA-G.02.B.0	Analyze and compare two- and three-dimensional shapes, in different sizes and orientations, using informal language to describe their similarities, differences, parts (e.g., number of sides and vertices/"corners") and other attributes (e.g., having sides of equal length).
ELK-MA-G.02.C.0	Model shapes in the world by building shapes from components (e.g., sticks and clay balls) and drawing shapes.
ELK-MA-G.02.D.0	Compose simple shapes to form larger shapes. (e.g., "Can you join these two triangles with full sides touching to make a rectangle?")
ELK-MA-MD.01.00.0	Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.

Standard Code	Standards
ELK-MA-MD.02.00*.0	Demonstrate an understanding of the concept of time, using identifiers such as morning, afternoon, day, week, month, year, today, tomorrow, yesterday, before/after and shorter/longer.
ELK-MA-MD.03.00*.0	Identify the value of the US coins (penny, nickel, and dime) and their appropriate notation (1¢, 5¢, 10¢)
ELK-MA-MD.04.00.0	Classify objects into given categories; count the numbers of objects in each category and sort the categories by count.
ELK-MA-MD.04.A.0	Directly compare two objects with a measurable attribute in common, to see which object has more/less of the attribute, and describe the difference. (e.g., directly compare the heights of two children and describe one child as taller/shorter.
ELK-MA-NBT.01.00.0	Compose and decompose numbers from 11 to 19 into ten ones and some further ones, e.g., by using objects or drawings, and record each composition or decomposition by a drawing or equation (such as $18 = 10 + 8$); understand that these numbers are composed of ten ones and one, two, three, four, five, six, seven, eight, or nine ones.
ELK-MA-OA.01.00*.0	Solve addition and subtraction word problems, and add and subtract within 10, e.g., by using objects or drawings to represent the problem.
ELK-MA-OA.01.A.0	Represent addition and subtraction with objects, fingers, mental images, drawings, sounds (e.g., claps), acting out situations, verbal explanations, expressions, or equations
ELK-MA-OA.01.B.0	Decompose numbers less than or equal to 10 into pairs in more than one way, e.g., by using objects or drawings, and record each decomposition by a drawing or equation (e.g., $5 = 2 + 3$ and $5 = 4 + 1$).
ELK-MA-OA.03.00.0	Fluently add and subtract within 5.
ELK-MA-OA.04.00*.0	Identify and duplicate simple numbers and non-numeric repeating and growing patterns.
